The Forest showcase will go ahead this year!

Thanks to sponsorship from The Speech House Hotel and County Marquee's there will be a Forest Food Showcase this year. They have been the first two local businesses to step in to support the event which will be held on Sunday 2nd October 2011.

The Forest Showcase will host an interesting mix of new food producers plus showcase regulars, themed demonstrations and special promotions.

Organisers are encouraging as many of our local producers as possible to attend the event, the booking form is available on the website www.forestshowcase.org, and we are also keen to hear from anyone else who would like to display Arts & Crafts at the event or take part in other ways.

The Forest showcase is a chance to celebrate the Forest's great range of food and drink and the people who produce it who are all part of the lifeblood of the community. In an era dominated by supermarkets and multinationals, it is easy to lose touch with where your food comes from and who makes it. So please put the date in your diary & we hope to see you at Speech House on 2nd October for a great taste of the Forest!
