

CHRISTMAS EXHIBITION

The Night before Christmas – St. Briavels © D. Mariana Robinson

The Mariana-Art Gallery in St. Briavels will be holding its fourth Christmas Art Exhibition from Sunday 28 November to Sunday 19 December 2010, with a preview (by invitation) being held on Saturday 27th. The guest artist this year will be internationally renowned artist and author,

Trudy Friend. Original paintings in watercolour and Inktense pencils on a subject range depicting local views, buildings and animals will be on sale. Most of these paintings formed the images for her books on watercolour technique and she will be available to sign copies of her latest, *“The Ultimate Drawing & Painting Technique Bible”*.

After the success of Chris Robinson’s binoculars and telescopes at last year’s Exhibition, this year he will be displaying his collection of **Classic Cameras** from the early 20th century onwards, some of which will be available for collectors to purchase.

Mariana Robinson, the gallery owner, will also be producing new paintings in both watercolour and Atelier Interactive acrylics for this popular exhibition. The Mariana-Art Gallery is rapidly becoming known as a place to buy special, one-off gifts and along with art materials, St. Briavels fine bone china mugs, bespoke silver jewellery, ceramics and hand-made wooden clocks, there will also be a small stock of Bristol Blue glass available in the run up to Christmas. Watercolour and Atelier Interactive tuition is also available year round, so please phone or email for a 2011 course brochure.
