

Incentives to enhance your next conference

Hull & East Yorkshire Conferences have introduced a new sponsorship incentives scheme to provide added value to the fantastic array of conference support and advice services already provided by the team.

Conference organisers enquiring about bring residential events to the area could be offered sponsorship towards their event when booking a minimum of 40 bedrooms via the HEY Conferences accommodation booking service.

The amount of sponsorship available will be on a sliding scale based on number of bedrooms booked. Sponsorship will be offered for planned itinerary items or to encourage organisers to add extra aspects to their event for example drinks receptions or guided walks.

Anthony Yates, Tourism Manager "We believe that Hull & East Yorkshire is the ideal place to hold a conference and we want to encourage as many conferences to the area as possible. We are delighted we have been able to introduce this new scheme and we hope that by offering some financial assistance to conference organisers we will be able to enhance their events and give their delegates a great experience while in Hull & East Yorkshire".
