

CONSERVATION WALKS

This permissive bridleway provides over 6 km of access for horse-riders and walkers in a safe and enjoyable environment. The route takes in views of the coastal landscape around Burnham, notably the sea wall, beyond which lies a complex of salt marsh, grazing marsh and inter-tidal habitat.

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends in September 2014.
