

CONSERVATION WALKS

This extensive permissive footpath has been created to provide an alternative to road walking between the villages of Tolleshunt Knights and Salcott. The route follows ancient natural hedgelines and a woodland edge and allows walkers to enjoy a tranquil and rural experience. Access is along grass margins which have been created to protect and provide a refuge for wildlife from arable operations. Please keep to a narrow path and ensure dogs are under strict control.

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends in September 2011.

For more information contact DEFRA: 020 7238 6907 (Office hours).
