

The health and safety of residents, visitors and staff is of paramount importance to us all and we want to share ongoing information and advice related to COVID-19 (coronavirus).

Last updated: 19th March 2020

Key Information

- The latest information can be found on the [UK government website](#).
- Check your plans before you travel, as some events and activities may have been postponed or cancelled.
- Guidance on prevention measures, which includes ensuring the washing of hands regularly, and covering your mouth/nose with tissues when coughing or sneezing, can be found at [nhs.uk](#).
- For travellers already in the UK and who need medical advice, use the [111 online coronavirus service](#) to get further information.
- You can find the latest coronavirus travel advice on the [tfl.gov.uk](#)

How Will Coronavirus Impact My Travel to Richmond upon Thames

As of 16th March, the UK government has advised against all unnecessary travel, and has asked the public to refrain from 'non-essential contact' for around 12 weeks. This means that some of Bath's businesses are temporarily closing, and events are being postponed. We are continually updating details below.

Many businesses within the hospitality sector – hotels, bed and breakfasts, apartments, restaurants, cafés and bars – remain open. A number of food establishments are switching to offer takeaway options for customers. Please support these businesses where you can, and if you have questions, please check directly with the venue.

Stay up-to-date with the latest advice on the [UK government website](#).

Cancellations, Closures and Postponements

Information is changing rapidly and so we are aiming to keep this list as up-to-date as we can. Please follow us on [Twitter](#), where we will be sharing information.
